11 TOOL STUBBY GRIPPER

Holds 3/8"-1"

5076-RED
5077-BLACK

Our standard Flex-Fit Wrench Organizers are made from soft, flexible material. While holding wrenches secure for transportation, they allow for easy one-handed engagement and removal of wrenches. Two standard colors – red and black – make identification of different sets easy.

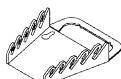

Tite-Grip Wrench Organizers by Ernst are a must-have for all tool users. They are made from stiffer material to hold wrenches tighter for transportation. Three colors – green, orange and gray – make identification of different wrench sets easy.
